Preface:

Front Order comment is perfect extension for store owner who wants to give functionality to customer who can place comment for his/her order time, so they can see their comment on later from order view page.

- Order comment extension is totally based on Knockout.js
- it give Order comment section to customer for put comment at the time of place order.

- customer put comment on order so on later he/she can see the comment and get idea behind the place order.

- In order view page customer can see the comment which is given on order time.

- Admin can also see the comment on order view page at admin panel.

- Extension is easy to configure.

Installation

There are two ways of installing extension in magento2.

- 1) Using COMMAND LINE.
- 2) Manually Install extension.

Option 1: Magento 2 install extension using COMMAND LINE (Recommended)

Follow below steps to install extension from the command line.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory If code directory does not exists then create.

Step 3: Disable the cache under System -> Cache Management.

Step 4: Enter the following at the command line:
`php bin/magento setup:upgrade`

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Stores -> Configuration -> Advanced ->Advanced, the module will be displayed in the admin panel.

Option 2: Magento 2 install extension manually

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory. If code directory does not exists then create.

Step 3: Disable the cache under System -> Cache Management Edit app/etc/config.php file and add one line code:
`'Mageants_FrontOrderComment' => 1`

Step 4: Disable the cache under System -> Cache Management

Step 5: Once you complete above steps log out and log in back to the admin.

Configuration (Admin)

Once you install extension successfully, Go to store → configuration and find the Mageants tab. Inside that tab you can see the Order Comment section is there from there you can Enable/Disable the extension.

Configuration
