Preface

Fast Order is a perfect extension for the wholesale customer who wants to add multiple products to cart at once.

- The extension allows visitors to search products by both SKUs or names with Ajax search and auto-suggest.
- The extension works on a page without reloading. You can use the appropriate URL to place Quick Buy anywhere on the website.
- Quickly order with CSV import function only for simple products without custom options.
- Quick order form for specific customer groups.
- Support simple products with custom options and configurable products.
- Reduced time for searching and selecting wanted products.
- Fast Order extension helps customers to place order quickly, which is very useful for customers.
- User Friendly and flexible configuration.

Installation

There are two ways of installing extension in magento2.

- 1) Using COMMAND LINE.
- 2) Manually Install extension.

Option 1: Magento 2 install extension using COMMAND LINE (Recommended)

Follow below steps to install extension from the command line.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory If code directory does not exists then create.

Step 3: Disable the cache under System -> Cache Management.

Step 4: Enter the following at the command line:
`php bin/magento setup:upgrade`

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Stores -> Configuration -> Advanced -> Advanced, the module will be displayed in the admin panel.

Option 2: Magento 2 install extension manually

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory If code directory does not exists then create.

Step 3: Disable the cache under System -> Cache Management Edit `app/etc/config.php` file and add one line code:
`'Mageants_FastOrder' => 1`

Step 4: Disable the cache under System -> Cache Management

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Stores -> Configuration -> Advanced -> Advanced, the module will be displayed in the admin panel.

Configuration

After Installation of Extension log in to magento admin panel for set configuration of the extension.
