Preface

Store Admin can Sell Sample Products with custom price added from admin. So customers can buy a sample product.

Installation

There are two ways of installing extension in magento2.

- 1) Using COMMAND LINE.
- 2) Manually Install extension.

Option 1: Magento 2 install extension using COMMAND LINE (Recommended) Follow below steps to install extension from the command line.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory. If code directory does not exists then create.

Step 3: Disable the cache under System -> Cache Management.

Step 4: Enter the following at the command line: php
bin/magento setup:upgrade

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Stores -> Configuration -> Mageants -> Sample product, the module will be displayed in the admin panel.

Option 2: Magento 2 install extension manually

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory. If code directory does not exists then create.

Step 3: Disable the cache under System -> Cache Management Edit app/etc/config.php file and add one line code:

```
'Mageants_SampleProduct' => 1
```

Step 4: Disable the cache under System -> Cache Management

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Stores -> Configuration -> Mageants -> Sample product, the module will be displayed in the admin panel.

Configuration

After Installation of Extension log in to Magento admin panel for set configuration of the extension.

Sample product configuration

The screenshot shows the Magento Admin Panel configuration for the 'Sample Products' extension. On the left, a sidebar menu shows 'MAGEANTS' expanded with 'Sample Products' selected. The main content area is titled 'General Configuration' and contains two settings:

- Module Enable** (store view): A dropdown menu set to 'Yes'.
- Max Quantity** (store view): A text input field containing '2', with a sub-label 'Max sample qty allow in cart'.

An orange callout box with the text 'General configuration for Sample Product' has an arrow pointing to the 'General Configuration' title.

Edit any Product for which you want to set sample Product.

The screenshot shows the 'Sample Product' configuration section in the Magento Admin Panel. It contains two settings:

- Offer Sample** (global): A dropdown menu set to 'Yes'.
- Cost Of Sample Product** (global): A text input field containing '15'.

An orange callout box with the text 'Sample product section for Sample product configuration' has an arrow pointing to the 'Offer Sample' dropdown.
