Preface

Who Also Bought Extension allows to display Who Also Bought product list on cart and product pages. There is an use slider also to use in listing

Installation

There are two ways of installing extension in magento2.

- 1) Using COMMAND LINE.
- 2) Manually Install extension.

Option 1: Magento 2 install extension using COMMAND LINE (Recommended)

Follow below steps to install extension from the command line.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory if code directory does not exists then create.

Step 3: Disable the cache under System → Cache Management.

Step 4: Enter the following at the command line:

- 1) `php bin/magento setup:upgrade`
- 2) `php bin/magento setup:static-content:deploy`

Step 5: Once you complete above steps logout and login back to the admin panel and switch to Stores → Configuration → Mageants → Customer also bought, the module will be displayed in the admin panel.

Option 2. Magento 2 install extension manually

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory if code directory does not exists then create.

Step 3: Disable the cache under System → Cache Management Edit app/etc/config.php file and add one line code: 'Mageants_AlsoBought' =1

Step 4: Enter the following at the command line:
php bin/magento setup:static-content:deploy

Step 5: Disable the cache under System → Cache Management

Step 6 : Once you complete above steps logout and login back to the admin panel and switch to Stores → Configuration → Mageants → Customer also bought , the module will be displayed in the admin panel.

Configuration

After Installation the Extension, Go to **Store** → **Configuration** → **Mageants Extension** → **Customer Also Bought**, Where Store Manager can set the options.

The screenshot shows the 'Configuration' page in the MageAdmin interface. The left sidebar contains the 'STORES' menu and the 'MAGEANTS' extension menu, with 'Customer Also Bought' selected. The main content area is titled 'Configuration' and shows 'Store View: Default Config'. A callout box labeled 'Admin configuration for slider setting' points to the 'Slider Settings' section. The 'Slider Settings' section includes the following fields:

Field Name	Value
Display Navigation [store view]	Yes
Display Dots [store view]	Yes
Number of product items in slider [store view]	4

Below the 'Slider Settings' section are 'Product Settings' and 'Cart Settings' sections, both of which are currently collapsed.

The screenshot shows the 'Configuration' page in the MageAdmin interface, similar to the previous one. A callout box labeled 'Admin configuration for product setting' points to the 'Product Settings' section. The 'Product Settings' section includes the following fields:

Field Name	Value
Module Enable [store view]	Yes
Display Swatches [store view]	No
Block Title [store view]	Customer Who Also Bought this products
Block Position [store view]	After Related Product Block
Block Layout [store view]	Slider
Display Random Product from Same Category [store view]	Yes
Max Products to Display [store view]	10
Display "Add to Cart" Button [store view]	Yes

The 'Display Random Product from Same Category' field has a tooltip that reads: 'If who also bought product are empty then we can display random products from same category'.

The screenshot shows the MageAnts admin interface. At the top, the 'Configuration' page is open for the 'Customer Also Bought' module. A callout box labeled 'Admin configuration for cart setting' points to the 'Cart Settings' section. The 'Cart Settings' section includes the following fields:

- Module Enable: Yes
- Display Swatches: No
- Block Title: Customer Who Also Bought this products
- Block Position: Content Bottom
- Block Layout: Slider
- Display Random Product from Same Category: Yes (with a note: 'If who also bought product are empty then we can display random products from same category')
- Max Products to Display: 10
- Display "Add to Cart" Button: Yes

1)Slider Configuration:Store owner can set slider using loop,navigation,display dots and number of items to display in slider.

2)Store Owner can set position to display who also bought product with other options like total numbers to display,show add to cart etc..

3)There is an additional functionality to display Random Product From Same category if there is not any product found in order.

Front End Configuration

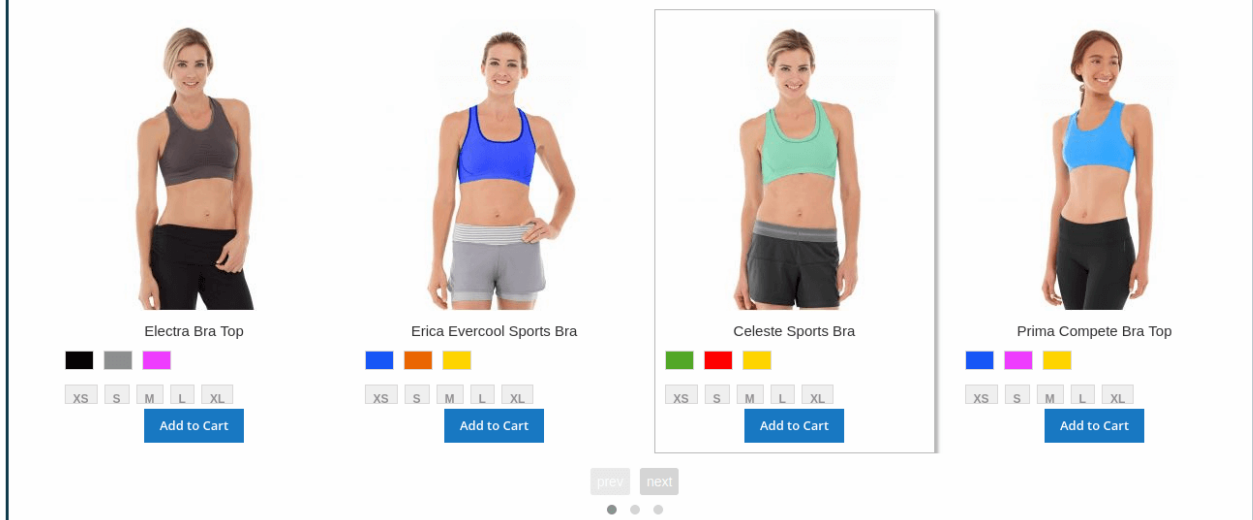

In the front the notice will be display. Once customer will click on Accept it, it will be disappear.
