## Preface

Wholesale Configurable Product is a perfect extension for the wholesale customer who wants to add multiple children products to cart at once.

- Showing all associated products in a grid table view which allows wholesale customers to order and add all chosen items to cart at once.
- Support Advanced Tier Price and Special Price.
- Work with default Color swatch function with clickable options So customers can see images of children products by clicking the options in the table.
- Store owners can configure to choose which customer group to show this wholesale display.
- Show SKU, Availability, Unit Price, Tier Price, Subtotal in the table.
- Reduced time for searching and selecting wanted products.
- This extension helps customers to place order quickly, which is very useful for customers.
- User Friendly and flexible configuration.
- Total selected quantity will be shown in details based on options of the first attribute.

## **Installation**

There are two ways of installing extension in magento2.

- 1) Using COMMAND LINE.
- 2) Manually Install extension.

### **Option 1: Magento 2 install extension using COMMAND LINE (Recommended) Follow below steps to install extension from the command line.**

**Step 1:** Download the extension and unzip it.

**Step 2:** Upload it to code directory in your magento installation's app directory If code directory does not exists then create.

**Step 3:** Disable the cache under System -> Cache Management.

**Step 4:** Enter the following at the command line:  
php bin/magento setup:upgrade

**Step 5:** Once you complete above steps log out and log in back to the admin panel and switch to Stores -> Configuration -> Advanced -> Advanced, the module will be displayed in the admin panel.

### **Option 2: Magento 2 install extension manually**

**Step 1:** Download the extension and unzip it.

**Step 2:** Upload it to code directory in your magento installation's app directory If code directory does not exists then create.

**Step 3:** Disable the cache under System -> Cache Management Edit app/etc/config.php file and add one line code:  
'Mageants\_ConfigurableProductWholesale' => 1

**Step 4:** Disable the cache under System -> Cache Management

**Step 5:** Once you complete above steps log out and log in back to the admin panel and switch to Stores -> Configuration -> Mageants -> Wholesale Configurable Product , the module will be displayed in the admin panel.

## Configuration

After Installation of Extension log in to magento admin panel for set configuration of the extension.
