Preface

Free Gift with Purchase is a perfect extension for the store owners who wants to add some free gift in cart automatically.

- Using this Magento promotion extension, you can run some offers with free gifts items at your store. .
- For example, customers will get promotional gifts when they buy certain products.
- Auto-add free gifts to cart when customers add main products to cart.
- Show all Free Gift information on product pages.
- admin can easily add catalog price rule for that & set maximum quantity of each gifted product.
- User Friendly and flexible configuration.
- Compatible with Most of the Browser.
- Easily Enable/Disable form admin.
- Easy to Add/Delete/Edit/Update free gift product from admin side.

Installation

There are two ways of installing extension in magento2.

- 1) Using COMMAND LINE.
- 2) Manually Install extension.

Option 1: Magento 2 install extension using COMMAND LINE (Recommended)

Follow below steps to install extension from the command line.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory
If code directory does not exists then create.

Step 3: Disable the cache under System -> Cache Management.

Step 4: Enter the following at the command line:
`php bin/magento setup:upgrade`

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Stores -> Configuration -> Mageants -> Freeproduct, the module will be displayed in the admin panel.

Option 2: Magento 2 install extension manually

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory
If code directory does not exists then create.

Step 3: Disable the cache under System -> Cache Management
Edit `app/etc/config.php` file and add one line code:
`'Mageants_FreeGift' => 1`

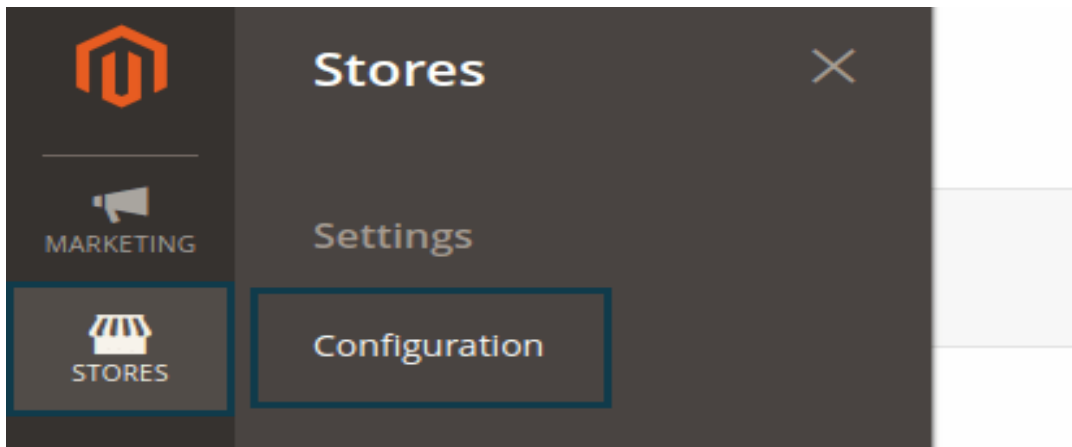

Step 4: Disable the cache under System -> Cache Management

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Stores -> Configuration -> Mageants -> Freeproduct, the module will be displayed in the admin panel.

Back-end Example:

Create catalog price rule as per requirement.

The screenshot shows the Magento Admin interface. On the left, there is a dark sidebar menu with the 'Marketing' icon at the top. Below it, the 'MARKETING' section is expanded, showing 'Promotions' and 'Cart Price Rules'. The 'Cart Price Rules' option is highlighted with a blue border. To the right of the sidebar, the main content area is partially visible, showing a table header with columns: 'Code', 'Start', 'End', 'Status', and 'Web Site'. Above the table, the text 'records found' is visible.
