## Installation:

There are two ways of installing extension in magento2.

- 1) Using COMMAND LINE.
- 2) Manually install extension.

**Option 1:** Magento 2 install extension using COMMAND LINE (Recommended).

Follow below steps to install extension from the command line.

**Step 1:** Download the extension and unzip it.

**Step 2:** Upload it to code directory in your magento installation's app directory.  
If code directory does not exists then create.

**Step 3:** Disable the cache under System → Cache Management.

**Step 4:** Enter the following at the command line:  
php bin/magento setup:upgrade  
php bin/magento setup:static-content:deploy

**Step 5:** Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Advanced product review.  
The module will be displayed in the admin panel.

**Option 2:** Magento 2 install extension manually.

**Step 1:** Download the extension and unzip it.

**Step 2:** Upload it to code directory in your magento installation's app directory. If code directory does not exists then create.

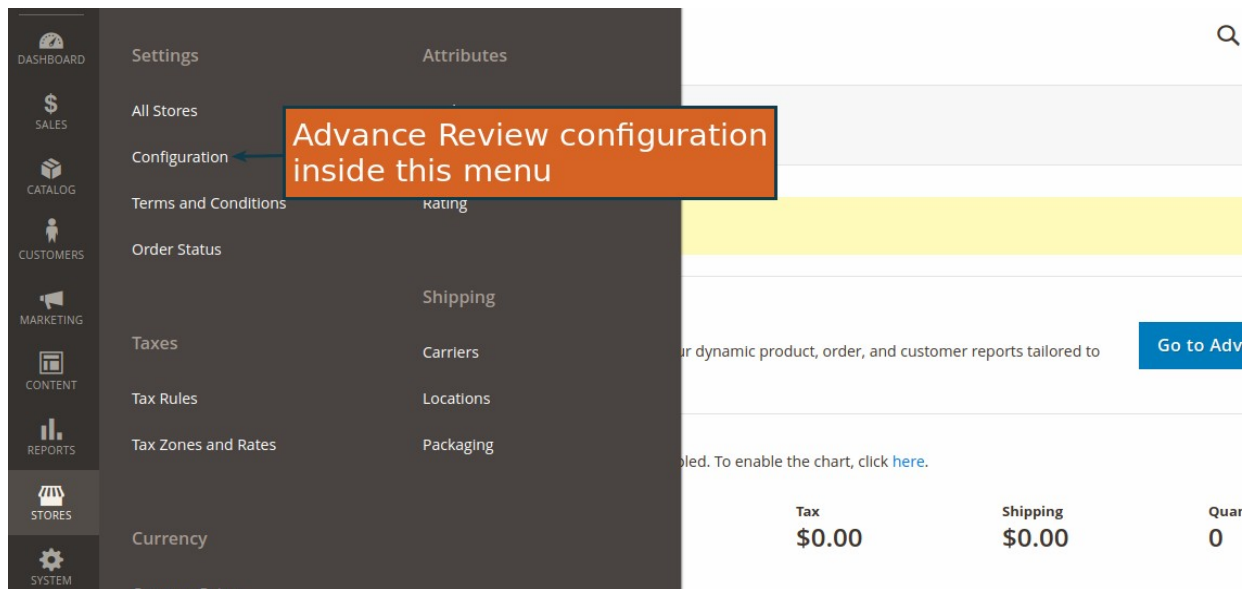

**Step 3:** Disable the cache under System → Cache Management Edit app/etc/config.php file and add one line code: 'Mageants\_Advanced product review' → 1

**Step 4:** Disable the cache under System → Cache Management

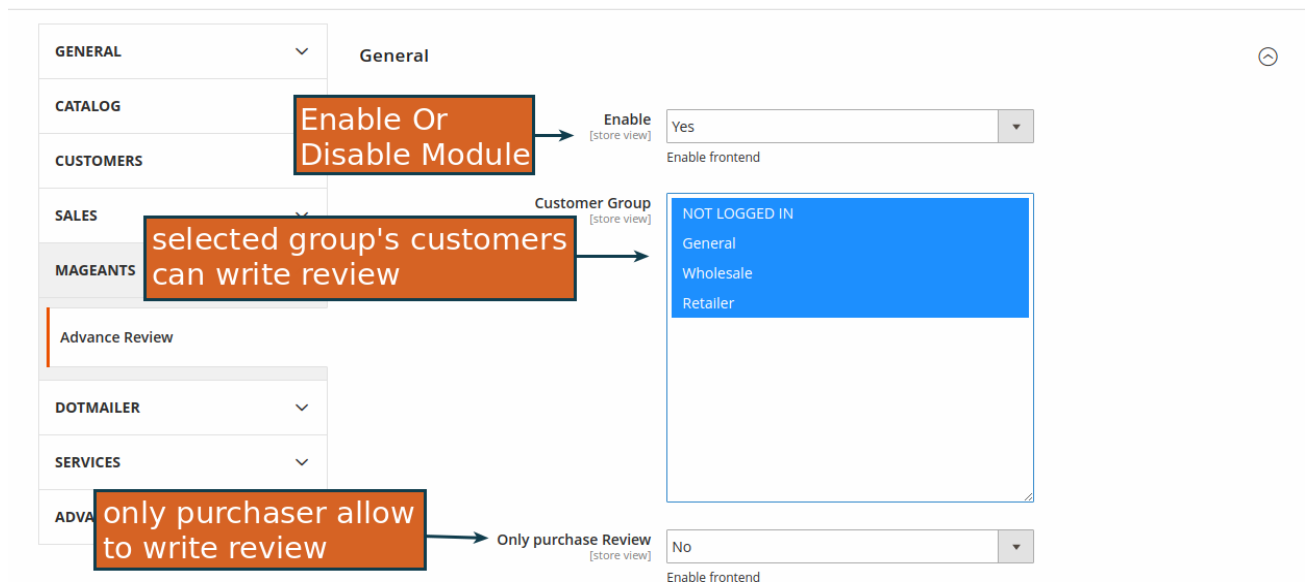

**Step 5:** Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Advanced product review, the module will be displayed in the admin panel.

## Backend example

### Extension configuration

The screenshot shows the Magento Admin Backend interface. On the left is a sidebar menu with categories like DASHBOARD, SALES, CATALOG, CUSTOMERS, MARKETING, CONTENT, REPORTS, STORES, and SYSTEM. The 'SYSTEM' category is expanded, showing sub-menus: Settings, Attributes, All Stores, Configuration, Terms and Conditions, Order Status, Taxes, Carriers, Tax Rules, Locations, Tax Zones and Rates, Packaging, Currency, and Currency Rates. An orange callout box with an arrow points to the 'Configuration' menu item, containing the text: "Advance Review configuration inside this menu".

The screenshot shows the 'Advance Review' configuration page. The left sidebar has a menu with 'GENERAL', 'CATALOG', 'CUSTOMERS', 'SALES', 'MAGEANTS', 'DOTMAILER', 'SERVICES', and 'ADVA'. The 'MAGEANTS' menu item is selected, and the 'Advance Review' sub-menu item is highlighted. The main content area is titled 'General' and contains several configuration options:

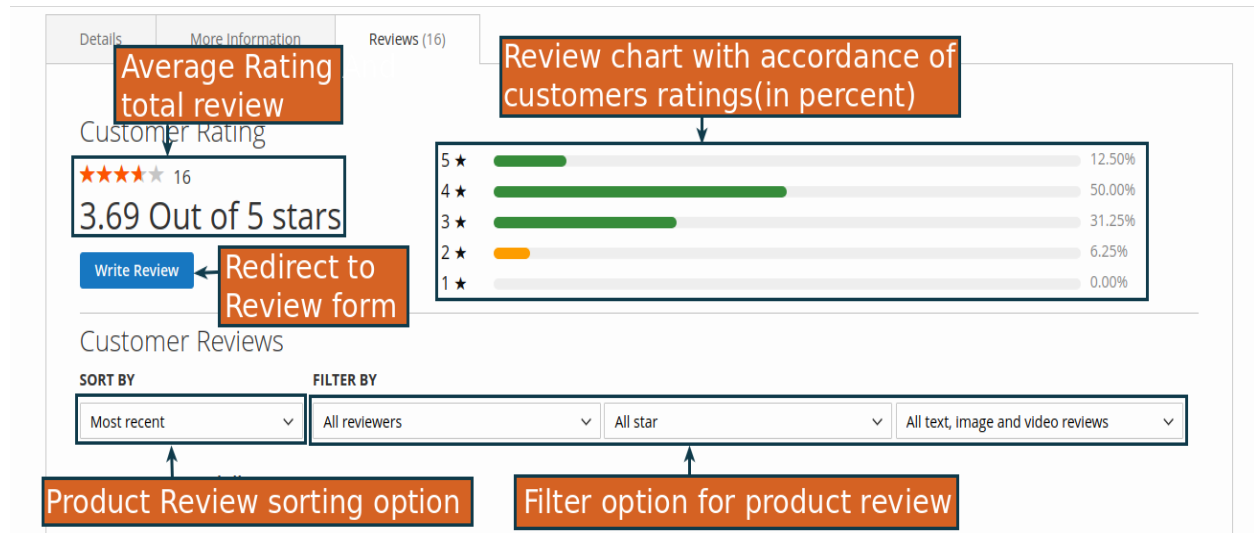

- Enable** [store view]: A dropdown menu set to 'Yes'. Below it is the text 'Enable frontend'.
- Customer Group** [store view]: A dropdown menu showing a list of customer groups: 'NOT LOGGED IN', 'General', 'Wholesale', and 'Retailer'. An orange callout box with an arrow points to this dropdown, containing the text: "selected group's customers can write review".
- Only purchase Review** [store view]: A dropdown menu set to 'No'. Below it is the text 'Enable frontend'.

Two additional orange callout boxes are present:

- One with an arrow pointing to the 'Enable' dropdown, containing the text: "Enable Or Disable Module".
- Another with an arrow pointing to the 'Only purchase Review' dropdown, containing the text: "only purchaser allow to write review".

## Frontend example
