Option2.....	5
Back-end Example.....	6
Front-end Example.....	9

Preface:

→ Dni is perfect extension for store owner who can restrict for each customer to validate the Dni/passport number on checkout page at order time.

→ One customer can't add multiple Dni/passport because it is unique for each customer.

Installation

There are two ways of installing extension in magento2.

- Using COMMAND LINE.
- Manually Install extension.

Option 1: Magento 2 install extension using COMMAND LINE

(Recommended)

Follow below steps to install extension from the command line.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory
If code directory does not exists then create.

Step 3: Disable the cache under **System** → **Cache Management**.

Step 4: Enter the following at the command line:
php bin/magento setup:upgrade

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to **Stores** → **Configuration** → **Mageants** → **Dni** the module will be displayed in the admin panel.

Option 2: Magento 2 install extension manually

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory. If code directory does not exist then create.

Step 3: Disable the cache under System -> Cache Management. Edit app/etc/config.php file and add one line code: **'Mageants_Dni' => 1**

Step 4: Disable the cache under **System** → **Cache Management**

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to **Stores** → **Configuration** → **Mageants** → **Dni**, the module will be displayed in the admin panel.

Back-end Example:

After Installation of Extension login to magento admin panel to set configuration of the extension.

we can easily changed text of Dni/passport from back-end as well as we can disable the functionality related to the Dni from the back-end admin panel

Extension Configuration:

The screenshot shows the Magento Admin Panel Configuration page for the DNI/Passport extension. The page is titled "Configuration" and has a search bar, a notification icon with a red badge showing "7", and a user profile icon labeled "test". Below the title, there is a "Scope" dropdown menu set to "Default Config" and a "Save Config" button. The left sidebar contains a navigation menu with icons for Dashboard, Sales, Catalog, Customers, WordPress, DNI/Passport, Marketing, and Content. The main content area is titled "General Configuration" and features a "MAGEANTS" section with a sub-section for "DNI/Passport". Under "DNI/Passport", there are two configuration options: "Module Enable" (store view) with a dropdown menu set to "Yes", and "Display Text" (store view) with a text input field containing "DNI/Passport". Below the "Display Text" field, there is a note: "This text will display on the frontend." Three orange arrows point to the "MAGEANTS" section, the "Module Enable" dropdown, and the "Display Text" input field. A label "Enable/disable" is positioned above the "Module Enable" dropdown, and a label "Text" is positioned below the "Display Text" input field.

- Display on invoice page in shipping address from backend

The screenshot shows the Magento Admin Backend interface for an invoice with ID #000000101. The top navigation bar includes links for Back, Login as Customer, Send Email, Credit Memo, Hold, Ship, and Reorder. A sidebar on the left contains menu items: DASHBOARD, SALES, CATALOG, CUSTOMERS, DNI/PASSPORT, MARKETING, CONTENT, and REPORTS. The main content area is divided into sections: Address Information, Payment & Shipping Method, and Shipping & Handling Information. The Address Information section is further divided into Billing Address and Shipping Address. The Shipping Address field contains the text "Dni/Passport" highlighted in a red box, with an arrow pointing to it from the text "Dni/Passport" in the text below. The Payment & Shipping Method section shows "Cash On Delivery" and "The order was placed using USD." The Shipping & Handling Information section shows "Free Shipping - Free \$0.00".

- Display on Shipment page in shipping address from backend

The screenshot shows the Magento Admin Backend interface for a "New Shipment" page. The top navigation bar includes links for Back and Reset. A sidebar on the left contains menu items: DASHBOARD, SALES, CATALOG, CUSTOMERS, DNI/PASSPORT, MARKETING, CONTENT, and REPORTS. The main content area is divided into sections: Address Information, Payment & Shipping Method, and Shipping Information. The Address Information section is further divided into Billing Address and Shipping Address. The Shipping Address field contains the text "Dni/Passport" highlighted in a red box, with an arrow pointing to it from the text "Dni/Passport" in the text below. The Payment & Shipping Method section shows "Cash On Delivery" and "The order was placed using USD." The Shipping Information section shows "Free Shipping - Free" and "Total Shipping Charges: \$0.00".

- Display on Credit memo page in shipping address from backend
