Preface:

- Free Gift with Purchase is a perfect extension for the store owners who wants to add some free gift in cart automatically.

- Using this Magento promotion extension, you can run some offers with free gifts items at your store.

- For example, customers will get promotional gifts when they buy certain products.

- Auto-add free gifts to cart when customers add main products to cart.

- Show all Free Gift information on product pages.

- admin can easily add catalog price rule for that & set maximum quantity of each gifted product.

- Compatible with Most of the Browser.

- Easily Enable/Disable form admin.

- Easy to Add/Delete/Edit/Update free gift product from admin side.

- Make extension compatible with Api and GraphQL in magento version above 2.3

.

Installation:

There are two ways of installing extension in magento2.

1) Using COMMAND LINE.
2) Manually install extension.

Option 1: Magento 2 install extension using COMMAND LINE (Recommended).

Follow below steps to install extension from the command line.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory. If code directory does not exists then create.

Step 3: Disable the cache under System → Cache Management.

Step 4: Enter the following at the command line:
php bin/magento setup:upgrade
php bin/magento setup:static-content:deploy

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Freeproduct. The module will be displayed in the admin panel.

Option 2: Magento 2 install extension manually.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory. If code directory does not exists then create.

Step 3: Disable the cache under System → Cache Management Edit app/etc/config.php file and add one line code: 'Mageants_Freegift' → 1

Step 4: Disable the cache under System → Cache Management

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Freeproduct, the module will be displayed in the admin panel.

Backend Example:

After Installation of Extension login to magento admin panel to set configuration of the extension.

Extension Configuration:

You can find configuration at Stores -> Configuration -> Mageants -> Free product.
