Preface

- Free Shipping Bar is an important and simple strategy for store owners to stimulate customers to purchase more products so that they can get the free shipping. With the release of Free Shipping Bar extension, store owners can totally notify the lacking cash amount of customers for getting the free ship or notify them that they have accumulated enough money to get the free shipping when purchasing.
- Besides that, **Mageants Free Shipping Bar** is highly customizable about the design and position. Store owners can design and put the Free Shipping bar on any position they want. This is an ideal extension for every store to boost sales effectively.

Installation:

There are two ways of installing extension in magento2.

- 1) Using COMMAND LINE.
- 2) Manually install extension.

Option 1: Magento 2 install extension using COMMAND LINE (Recommended).

Follow below steps to install extension from the command line.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory. If code directory does not exists then create.

Step 3: Disable the cache under System → Cache Management.

Step 4: Enter the following at the command line:
php bin/magento setup:upgrade
php bin/magento setup:static-content:deploy

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Freeshippingbar. The module will be displayed in the admin panel.

Option 2: Magento 2 install extension manually.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory. If code directory does not exist then create.

Step 3: Disable the cache under System → Cache Management Edit app/etc/config.php file and add one line code:
'Mageants_Freeshippingbar' → 1

Step 4: Disable the cache under System → Cache Management

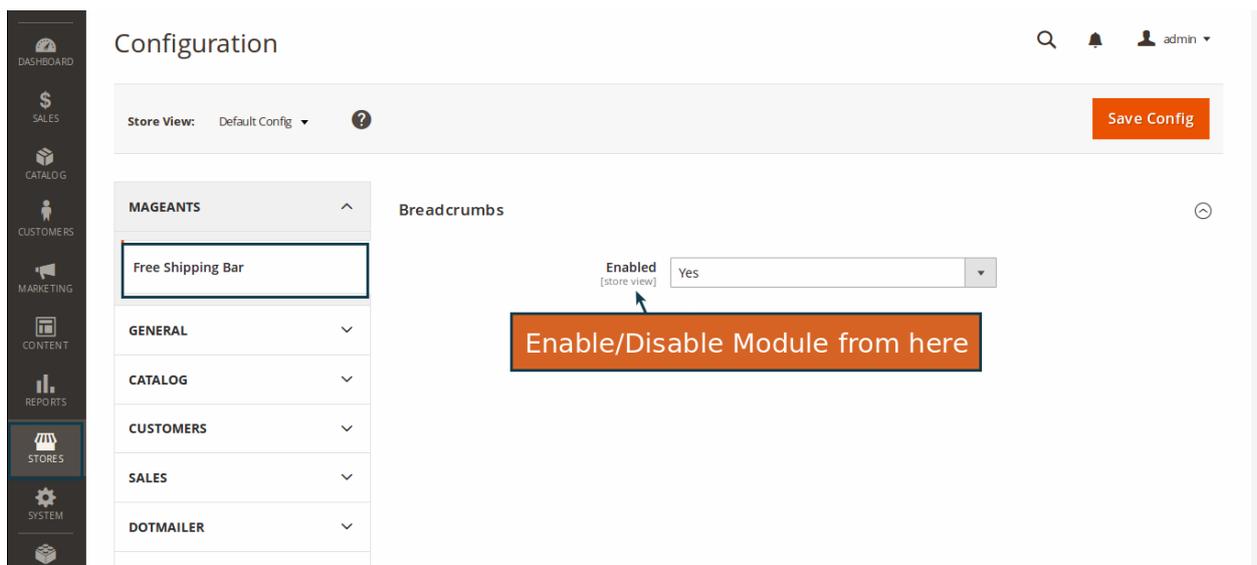

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Freeshippingbar, the module will be displayed in the admin panel.

Backend example

After Installation of Extension login to magento admin panel to set configuration of the extension.

Extension Configuration

You can find configuration at **Stores → Configuration → Mageants → Free Shipping Bar**.

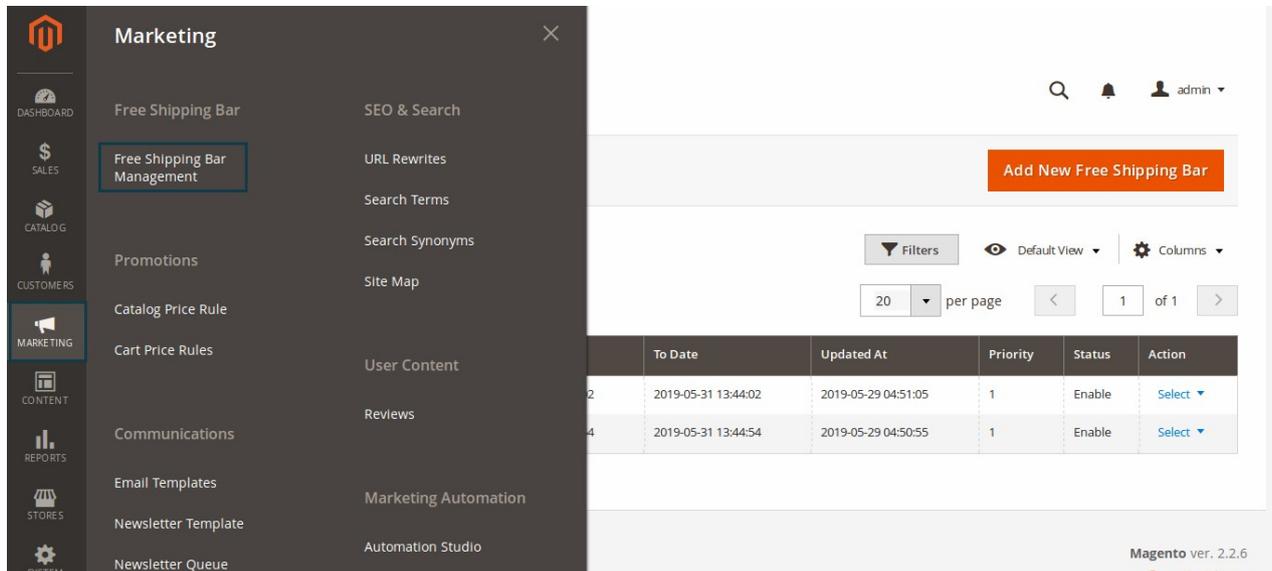

The screenshot shows the Magento Admin Configuration page for the 'Free Shipping Bar' extension. The left sidebar contains navigation menus for DASHBOARD, SALES, CATALOG, CUSTOMERS, MARKETING, CONTENT, REPORTS, STORES, and SYSTEM. The main content area is titled 'Configuration' and shows the 'Free Shipping Bar' configuration. The 'Enabled [store view]' dropdown menu is set to 'Yes'. An orange callout box with the text 'Enable/Disable Module from here' points to the dropdown menu. The 'Save Config' button is visible in the top right corner.

From this grid admin can enable/disable(Pause) the free shipping bar and also can delete the Free Shipping Bar.

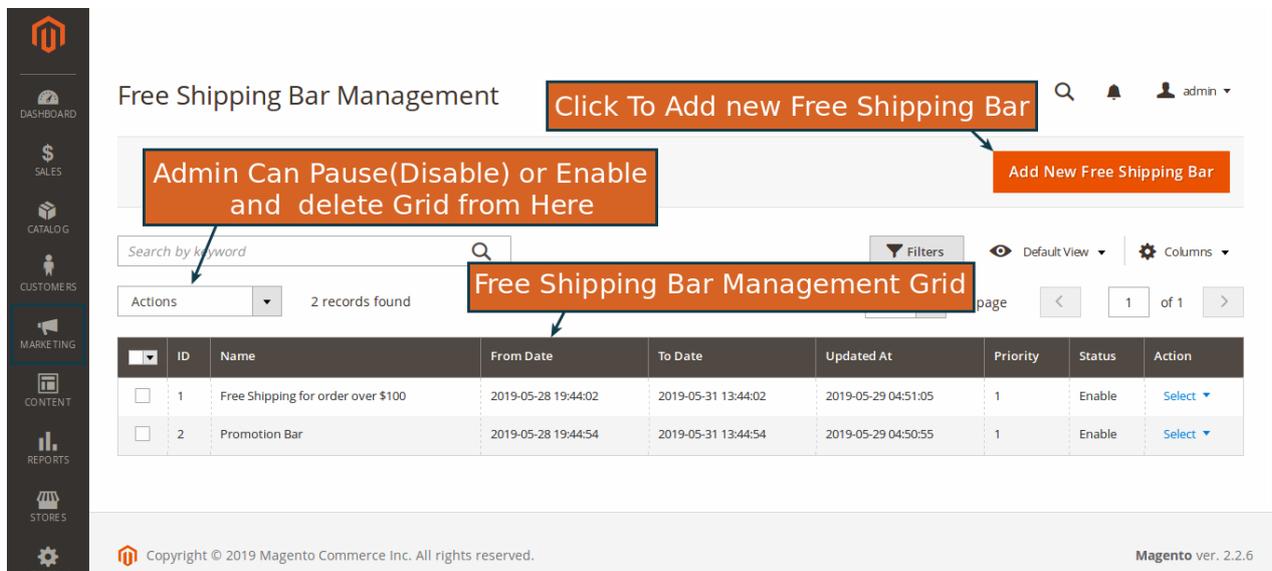

Free Shipping Bar Management:

Free shipping bar management is visible at **Marketing → Free Shipping Bar → Free Shipping Bar Management.**

Free Shipping Bar Management Grid:

Here admin can add the New Free Shipping Bar or edit existing Free Shipping Bar as follow.

Where To Display

Position * top of the content

Allow Page * All Pages

Select page(s) to display the free

Exclude pages

Exclude Page with URL contains

http://127.0.0.1/Magento226/checkout/

Page(s) with URL(s) containing the above path(s) will not be selected to display free shipping bars

Display Freeshipping Bar at any place as you want

Easy to display freeshipping bar on any page

You can exclude page by giving url or action name

Admin can also set Allow Page to be Specific Page.

Under Specific Page section, admin gets an option to set specific pages and categories to be included to show free shipping bar on front-end as follows.

The screenshot shows the Magento admin interface for configuring the 'Free shipping for order over \$100' extension. The left sidebar contains navigation icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main content area is titled 'Free shipping for order over \$100' and includes navigation buttons: Back, Delete, Reset, Save and Continue Edit, and Save. The configuration is divided into sections: 'FREE SHIPPING BAR INFORMATION', 'General', 'What To Display', 'Where To Display', and 'Select Product'. The 'Where To Display' section is expanded to show 'Specific Page' in the 'Allow Page' dropdown. Below this, there are three input areas: 'Which Page(s) To Show' (a text area for page handle names), 'Include page(s) with URL(s) containing' (a text area for URLs), and 'Specific Category To Show' (a dropdown menu with options: Root Catalog, Default Category, Gear, Bags). Four orange callout boxes with arrows point to these elements: 'Easy to display Freeshipping Bar on Specific Page' points to the 'Allow Page' dropdown; 'Include page by specifying action name' points to the 'Which Page(s) To Show' text area; 'Include page by specifying page URL' points to the 'Include page(s) with URL(s) containing' text area; and 'Select categories on which you want to include Freeshipping Bar' points to the 'Specific Category To Show' dropdown.
