Preface

- Free Shipping Bar is an important and simple strategy for store owners to stimulate customers to purchase more products so that they can get the free ship. With the release of Free Shipping Bar extension, store owners can totally notify the lacking cash amount of customers for getting the free ship or notify them that they have accumulated enough money to get the free ship when purchasing.
- Besides that, **Mageants Free Shipping Bar** is highly customizable about the design and position. Store owners can design and put the Free Shipping bar on any position they want. This is an ideal extension for every store to boost sales effectively.

Installation:

There are two ways of installing extension in magento2.

- 1) Using COMMAND LINE.
- 2) Manually install extension.

Option 1: Magento 2 install extension using COMMAND LINE (Recommended).

Follow below steps to install extension from the command line.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory.
If code directory does not exists then create.

Step 3: Disable the cache under System → Cache Management.

Step 4: Enter the following at the command line:
php bin/magento setup:upgrade
php bin/magento setup:static-content:deploy

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Freeshippingbar. The module will be displayed in the admin panel.

Option 2: Magento 2 install extension manually.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory.
If code directory does not exists then create.

Step 3: Disable the cache under System → Cache Management Edit
app/etc/config.php file and add one line code:
'Mageants_Freeshippingbar' → 1

Step 4: Disable the cache under System → Cache Management

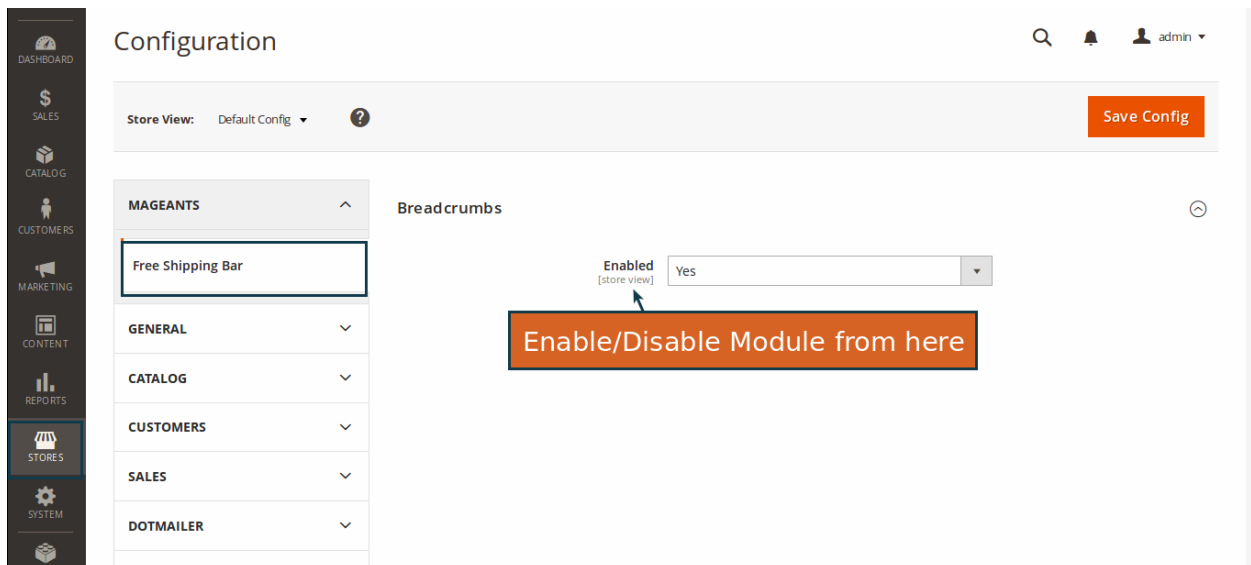

Step 5: Once you complete above steps log out and log in back to the
admin panel and switch to Stores → Configuration → Mageants →
Freeshippingbar, the module will be displayed in the admin panel.

Backend example

After Installation of Extension login to magento admin panel to set configuration of the extension.

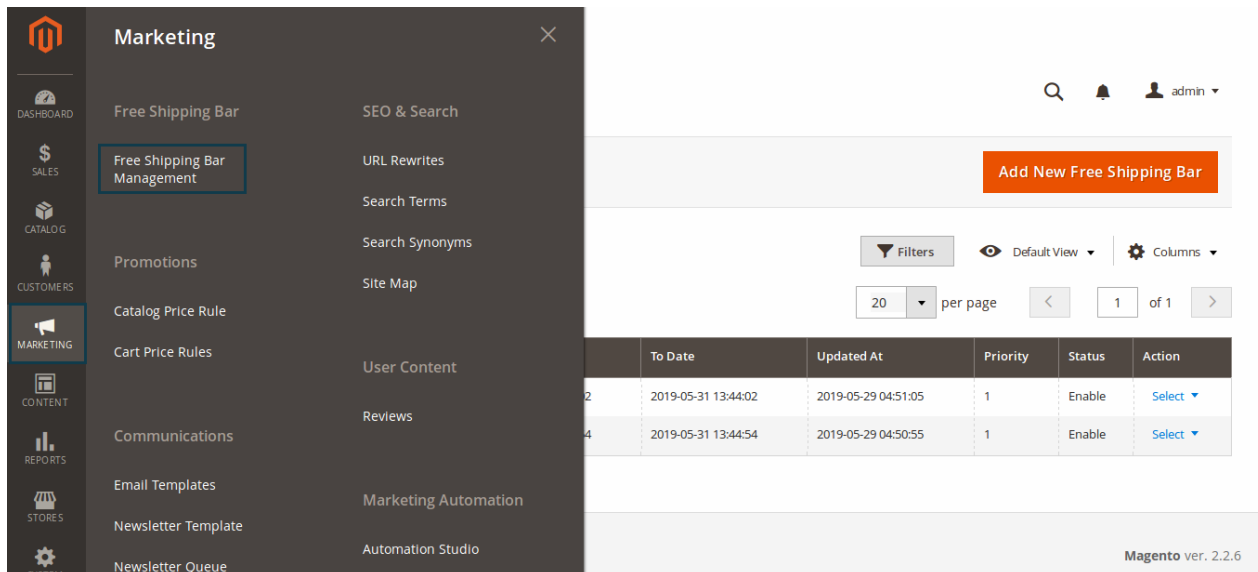

Extension Configuration

You can find configuration at Stores → Configuration → Mageants → Free Shipping Bar

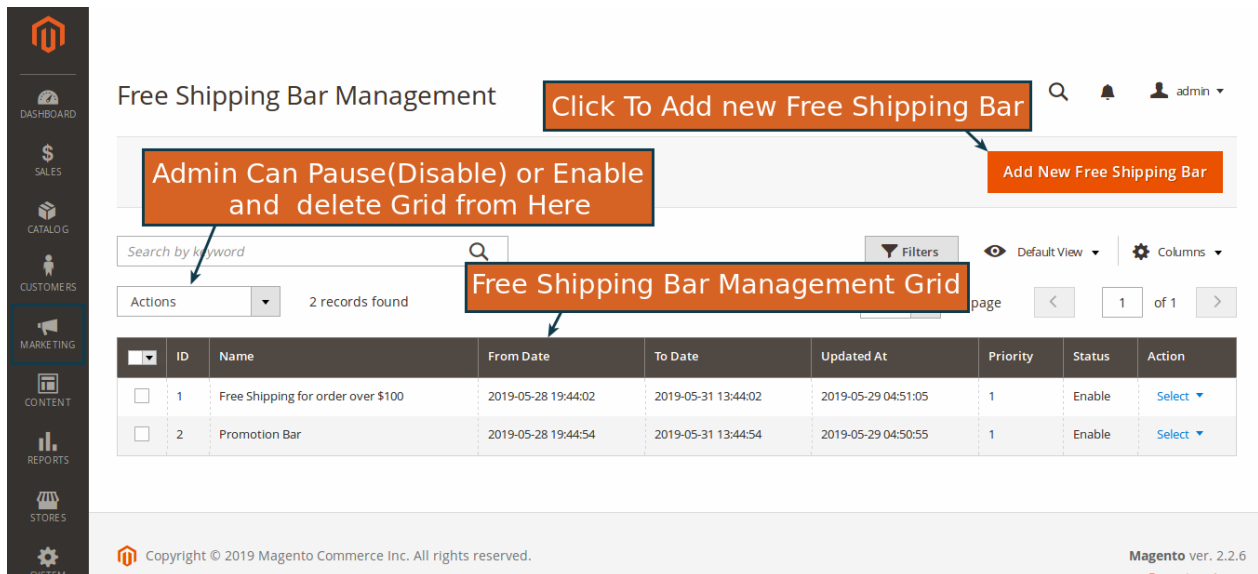

The screenshot shows the Magento Admin Configuration page. On the left is a sidebar with navigation links: DASHBOARD, SALES, CATALOG, CUSTOMERS, MARKETING, CONTENT, REPORTS, STORES (highlighted), SYSTEM, and LOG. The main content area is titled 'Configuration' and includes a 'Store View: Default Config' dropdown and a 'Save Config' button. Below this is a section for 'MAGEANTS' with a list of modules: Free Shipping Bar, GENERAL, CATALOG, CUSTOMERS, SALES, and DOTMAILER. The 'Free Shipping Bar' module is selected and highlighted. To the right of the module list, there is a 'Breadcrumbs' section and an 'Enabled [store view]' dropdown menu set to 'Yes'. An orange callout box with an arrow points to the 'Enabled' dropdown, containing the text 'Enable/Disable Module from here'.

From this grid admin can enable/disable(Pause) the free shipping bar and also can delete the Free Shipping Bar.

The screenshot shows the Magento Admin interface. On the left is a sidebar menu with categories: DASHBOARD, SALES, CATALOG, CUSTOMERS, MARKETING (highlighted), CONTENT, REPORTS, STORES, and SYSTEM. The MARKETING menu is expanded, showing sub-items: Free Shipping Bar Management (highlighted), Promotions, Catalog Price Rule, Cart Price Rules, Communications, Email Templates, Newsletter Template, Newsletter Queue, SEO & Search, URL Rewrites, Search Terms, Search Synonyms, Site Map, User Content, Reviews, Marketing Automation, and Automation Studio.

The main content area shows the 'Free Shipping Bar Management' page. It includes a search bar, a filter button, and a table with columns: ID, To Date, Updated At, Priority, Status, and Action. There are two records in the table. A button 'Add New Free Shipping Bar' is visible in the top right corner.

This screenshot shows the 'Free Shipping Bar Management' page with several annotations:

- A box labeled 'Click To Add new Free Shipping Bar' points to the 'Add New Free Shipping Bar' button in the top right corner.
- A box labeled 'Admin Can Pause(Disable) or Enable and delete Grid from Here' points to the 'Actions' dropdown menu in the table header.
- A box labeled 'Free Shipping Bar Management Grid' points to the table containing two records.

The table has the following data:

ID	Name	From Date	To Date	Updated At	Priority	Status	Action
1	Free Shipping for order over \$100	2019-05-28 19:44:02	2019-05-31 13:44:02	2019-05-29 04:51:05	1	Enable	Select
2	Promotion Bar	2019-05-28 19:44:54	2019-05-31 13:44:54	2019-05-29 04:50:55	1	Enable	Select

Admin can add the new free shipping bar or edit from backend as follow.
