Preface

The General Data Protection Regulation(GDPR) is designed to help online stores comply with the latest legislative EU requirements and strengthen the data Download and privacy. Make sure that your business gets as many customers' consents as possible to be ahead of competition!

1. Collect users consents on the registration, checkout and contact us pages
2. Ask users for privacy consents in the newsletter subscription form
3. Let customers download and their personal data
4. Receive customers deletion requests and manage them in one place
5. Notify customers about all operations with their personal data
6. Create, update and delete privacy policy documents in one place

Installation

There are two ways of installing extension in magento2.

- Using COMMAND LINE.
- Manually Install extension.

Option 1: Magento 2 install extension using COMMAND LINE (Recommended)

Follow below steps to install extension from the command line.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory. If code directory does not exist then create.

Step 3: Disable the cache under System -> Cache Management.

Step 4: Enter the following at the command line: `php bin/magento setup:upgrade`

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to **Stores -> Configuration -> Mageants -> GDPR**, the module will be displayed in the admin panel.

Option 2: Magento 2 install extension manually

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory. If code directory does not exist then create.

Step 3: Disable the cache under System -> Cache Management. Edit `app/etc/config.php` file and add one line code: `'Mageants_GDPR' => 1`

Step 4: Disable the cache under System -> Cache Management

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to **Stores -> Configuration** the module will be displayed in the admin panel.

Back-end Example

CONFIGURATION

After Installation of Extension login to magento admin panel for set configuration of the extension.

You can find configuration at **Stores -> Configuration -> Mageants -> Cookie Consent**

CONFIGURATION

After Installation of Extension login to magento admin panel for set configuration of the extension.

YOU CAN FIND CONFIGURATION AT STORES -> CONFIGURATION -> MAGEANTS-> GDPR

GENERAL

The screenshot shows the 'MAGEANTS' configuration page in the Magento admin panel, specifically the 'General' tab. On the left sidebar, 'MAGEANTS' is expanded, showing 'Cookie Policy Consent' and 'GDPR'. The 'GDPR' section is active. The main content area is titled 'General'. There is a section 'Enable Module' with a dropdown menu set to 'Yes'. Below this, a text description reads: 'Display Enable or Disable Section Of Privacy Setting in Frontend.' An orange callout box with an arrow points to the dropdown menu, containing the text: 'Enable and disable Customer Privacy Setting of frontend'.

ENABLE OR DISABLE PRIVACY SETTING SECTION

This screenshot shows the 'Enable or Disable Section Of Privacy Setting' section within the 'GDPR' configuration. The 'Delete Account' dropdown is set to 'Yes', and the 'Download Personal Data' dropdown is also set to 'Yes'. Two orange callout boxes provide instructions: one points to the 'Delete Account' dropdown with the text 'Enable for delete account request', and another points to the 'Download Personal Data' dropdown with the text 'Enable for download personal data'.

C) GRID EXAMPLE

Menu

The screenshot displays the Mageants Customers module interface. On the left is a sidebar with navigation icons for Dashboard, Sales, Catalog, Customers (highlighted), Marketing, Content, Reports, and Stores. The main panel is titled 'Customers' and contains links for 'All Customers', 'Now Online', and 'Customer Groups'. A red rectangular box highlights a sub-menu titled 'GDPR' which includes the following items: 'Customer Action Log', 'Consent With Customers', 'Consent Without Customers', 'Consents Customers Email Queue', 'Delete Customer Requests', 'Policy Privacy', 'Manage Cookies', 'Manage Cookies Group', and 'Manage Cookies Consent'. An orange box labeled 'Menu' with an arrow points to the 'GDPR' sub-menu. To the right of the main panel, a table is partially visible with the header 'Customer Email' and one row containing the email 'roni_cost@exampl'.

Customer Email
roni_cost@exampl

Create New Template **Marketing -> Email Template.**

The screenshot shows the Magento Admin interface. On the left, the 'Marketing' menu is expanded, and 'Email Templates' is highlighted. A red box with the text 'Select Marketing -> Email Template' points to the 'Email Templates' option. On the right, the 'Email Templates' page is visible, showing a table of templates and an 'Add New Template' button.

ID	Template	Added	Updated	Subject	Template Type	Action
1	New Pickup Order	Aug 1, 2019, 12:07:37 PM	Aug 1, 2019, 12:07:37 PM	{{trans "Your %store_name order confirmation" store_name=\$store.getFrontendName()}}	HTML	Preview
2	New Pickup Order For Guest	Aug 1, 2019, 12:07:37 PM	Aug 1, 2019, 12:07:37 PM	{{trans "Your %store_name order confirmation" store_name=\$store.getFrontendName()}}	HTML	Preview

The screenshot shows the 'Email Templates' page in the Magento Admin interface. It features a search bar, a 'Reset Filter' button, and a table of templates. A red box with the text 'Create new Email teplate' points to the 'Add New Template' button.
