## **Preface:**

- Magento 2 Improved Sorting extension provides add custom sorting options to make products easier to find. This extension gives effective options to customers for product sorting – by bestselling, most viewed, rating, and more. Increase the usability of your catalog with user-friendly search options.
- Improved Sorting extension help to Your customers find the best products fast!
- Users sort products by 'Best Sellers', 'Top Rated', 'Most Viewed' etc.
- Change sorting order when you need.
- Sort out-of-stock products and items without an image in last.

## Installation:

There are two ways of installing extension in magento2.

- 1) Using COMMAND LINE.
- 2) Manually install extension.

**Option 1:** Magento 2 install extension using COMMAND LINE (Recommended).

Follow below steps to install extension from the command line.

**Step 1:** Download the extension and unzip it.

**Step 2:** Upload it to code directory in your magento installation's app directory.  
If code directory does not exists then create.

**Step 3:** Disable the cache under System → Cache Management.

**Step 4:** Enter the following at the command line:  
php bin/magento setup:upgrade  
php bin/magento setup:static-content:deploy

**Step 5:** Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Improved sorting. The module will be displayed in the admin panel.

**Option 2:** Magento 2 install extension manually.

**Step 1:** Download the extension and unzip it.

**Step 2:** Upload it to code directory in your magento installation's app directory. If code directory does not exists then create.

**Step 3:** Disable the cache under System → Cache Management Edit app/etc/config.php file and add one line code: 'Mageants\_Improved sorting' → 1

**Step 4:** Disable the cache under System → Cache Management

**Step 5:** Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Improved sorting, the module will be displayed in the admin panel.
