## Preface

- Special Price Countdown Timer for Magento 2 extension displays countdown timers on the product page and catalog page for special price of products and catalog price rule products. This Magento 2 Price Countdown Timer extension is the efficient tool to run a promotion for an on line store.

### **This extension is providing below functionalities.**

- Countdown Timer which provide you to display timer in category and product page using special price start end time.
- Countdown Timer display timer on page using widget add rules for product and category.
- Countdown Timer display timer widget for start date and end date of special price of products.

## Installation:

There are two ways of installing extension in magento2.

- 1) Using COMMAND LINE.
- 2) Manually install extension.

**Option 1:** Magento 2 install extension using COMMAND LINE (Recommended).

Follow below steps to install extension from the command line.

**Step 1:** Download the extension and unzip it.

**Step 2:** Upload it to code directory in your magento installation's app directory.  
If code directory does not exists then create.

**Step 3:** Disable the cache under System → Cache Management.

**Step 4:** Enter the following at the command line:  
php bin/magento setup:upgrade  
php bin/magento setup:static-content:deploy

**Step 5:** Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Countdown Timer. The module will be displayed in the admin panel.

**Option 2:** Magento 2 install extension manually.

**Step 1:** Download the extension and unzip it.

**Step 2:** Upload it to code directory in your magento installation's app directory. If code directory does not exists then create.

**Step 3:** Disable the cache under System → Cache Management Edit app/etc/config.php file and add one line code: 'Mageants\_Countdown Timer' → 1

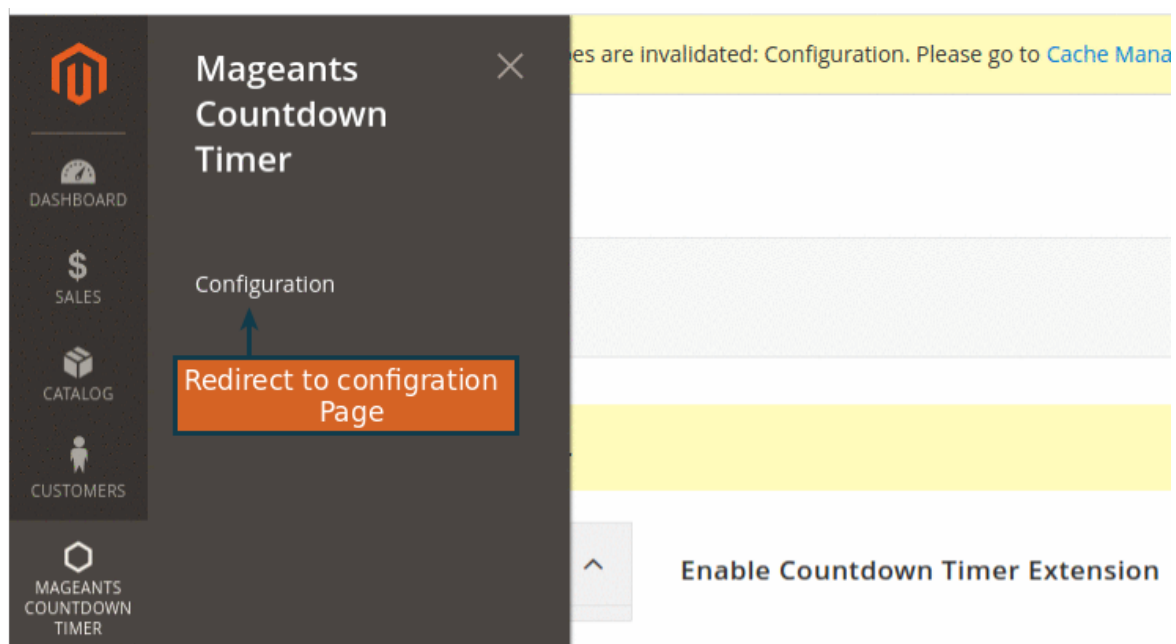

**Step 4:** Disable the cache under System → Cache Management

**Step 5:** Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Countdown Timer, the module will be displayed in the admin panel.

## Backend Configuration

Admin can set configuration as per below screenshot.

## Extension Configuration

- Countdown will apply catalog price rule or special price depending on which one is in effect.
- With products with both rules and in the valid time, Countdown will be applied for a product with cheaper price.
- With products that are near the valid time, Countdown will be applied for the valid time that is earlier.
