Preface

Mageants ExtraFee is a perfect extension for the store owners who wants to Apply different fee on product or whole category. Admin can create following four type of fees.

- 1) Product Fee
- 2) Category Fee
- 3) Shipping Fee
- 4) Order Fee

Admin can select one fee to multiple product or multiple fee to single product as per the requirement. Fee can be set in Percentage/Fixe. Admin can also create the Mendatory fee for product.

Category fee is created for whole specific category or multiple category. Multiple category fee also apply for single category.

Shipping fee is a additional charge on the shipping method. So as per the fee created user can select the fee for the shipping and apply that fee with shipping price.

Order fee is a extra fee for the specific order service. Admin can create order fee as per the services and that service is provide when that fee is selected by customer before place order.

In short we can says that ExtraFee is extension is a package where admin can created multiple fee for apply to product, category, Shipping and Order etc.
