Preface:

- People look for new and attractive things. It became necessary to do something new that attracts customers. One of the way is to display different kind of labels on product. Mageants has better solution for your labels. You can generate different dynamic product label with help of Product label extension which is developed by Mageants team.

Installation:

There are two ways of installing extension in magento2.

- 1) Using COMMAND LINE.
- 2) Manually install extension.

Option 1: Magento 2 install extension using COMMAND LINE (Recommended).

Follow below steps to install extension from the command line.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory.
If code directory does not exists then create.

Step 3: Disable the cache under System → Cache Management.

Step 4: Enter the following at the command line:
php bin/magento setup:upgrade
php bin/magento setup:static-content:deploy

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Product label.
The module will be displayed in the admin panel.

Option 2: Magento 2 install extension manually.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory.
If code directory does not exists then create.

Step 3: Disable the cache under System → Cache Management Edit
app/etc/config.php file and add one line code: 'Mageants_Product label' →
1

Step 4: Disable the cache under System → Cache Management

Step 5: Once you complete above steps log out and log in back to the
admin panel and switch to Stores → Configuration → Mageants →
Product label, the module will be displayed in the admin panel.

Backend example

After Installation of Extension login to magento admin panel to set configuration of the extension.

Home / Gear / Bags / Fusion Backpack

Fusion Backpack

With the Fusion Backpack strapped on, every trek is an adventure - even a bus ride to work. That's partly because two large zippered compartments store everything you need, while a front zippered pocket and side mesh pouches are perfect for stashing those little extras, in case you change your mind and take the day off.
