#### **Preface:**

Mageants QuantityDropdown, allow customers just input number of product they want in a quantity box. however this default function can not allow store owners to set fix quantity as they want for promoted or marketing. To solve this issue for store owners Mageants Developed Quantity Dropdown for Magento 2 Extension to help store owners to save more additional costs by showing quantity dropdown list with configured quantity number.

#### Installation:

There are two ways of installing extension in magento2.

Using COMMAND LINE.
 Manually install extension.

**Option 1:** Magento 2 install extension using COMMAND LINE (Recommended).

Follow below steps to install extension from the command line.

- Step 1: Download the extension and unzip it.
- **Step 2:** Upload it to code directory in your magento installation's app directory. If code directory does not exists then create.
- **Step 3:** Disable the cache under System  $\rightarrow$  Cache Management.
- Step 4: Enter the following at the command line: php bin/magento setup:upgrade php bin/magento setup:static-content:deploy
- Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Store → Configuration → Mageants → Quantity Dropdown. The module will be displayed in the admin panel.

- **Option 2:** Magento 2 install extension manually.
- **Step 1:** Download the extension and unzip it.
- **Step 2:** Upload it to code directory in your magento installation's app directory. If code directory does not exists then create.
- Step 3: Disable the cache under System → Cache Management Edit app/etc/config.php file and add one line code: 'Mageants QuantityDropdown' → 1
- **Step 4:** Disable the cache under System → Cache Management
- Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → QuantityDropdown, the module will be displayed in the admin panel.

## **Backend Example:-**

After Installation of Extension login to magento admin panel to set configuration of the extension.
