Preface:

Mageants QuantityDropdown, allow customers just input number of product they want in a quantity box. however this default function can not allow store owners to set fix quantity as they want for promoted or marketing. To solve this issue for store owners Mageants Developed Quantity Dropdown for Magento 2 Extension to help store owners to save more additional costs by showing quantity dropdown list with configured quantity number.

Installation:

There are two ways of installing extension in magento2.

- 1) Using COMMAND LINE.
- 2) Manually install extension.

Option 1: Magento 2 install extension using COMMAND LINE (Recommended).

Follow below steps to install extension from the command line.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory.
If code directory does not exists then create.

Step 3: Disable the cache under System → Cache Management.

Step 4: Enter the following at the command line:
php bin/magento setup:upgrade
php bin/magento setup:static-content:deploy

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to **Store → Configuration → Mageants → Quantity Dropdown**. The module will be displayed in the admin panel.

Option 2: Magento 2 install extension manually.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory.
If code directory does not exists then create.

Step 3: Disable the cache under System → Cache Management Edit
app/etc/config.php file and add one line code:
'Mageants_QuantityDropdown' → 1

Step 4: Disable the cache under System → Cache Management

Step 5: Once you complete above steps log out and log in back to the
admin panel and switch to **Stores → Configuration → Mageants →**
QuantityDropdown, the module will be displayed in the admin panel.

Backend Example:-

After Installation of Extension login to magento admin panel to set configuration of the extension.

Extension Configuration

As per below screen shot you can set all the settings here.

You can find configuration at Stores -> Configuration -> Mageants -> Quantity Dropdown .

Store View: Default Config ? Save Config

MAGEANTS

Quantity Dropdown Configurations

Frontend Example:-

- Here Customer can choose qty from QtyDropdown as pr below screenshot

The screenshot displays a product list page with a sidebar on the left containing filter categories: PRICE, COLOR, ACTIVITY, MATERIAL, STRAP/HANDLE, FEATURES, ECO COLLECTION, PERFORMANCE FABRIC, ERIN RECOMMENDS, NEW, and SALE. The main content area shows four products in a grid:

- Push It Messenger Bag**: \$45.00, 3 Reviews (4 stars)
- Overnight Duffel**: \$45.00, 3 Reviews (4 stars)
- Driven Backpack**: \$36.00, 2 Reviews (5 stars). A dropdown menu is open showing quantity options: 5 for \$36.00 each, 10 for \$36.00 each, 15 for \$36.00 each (highlighted), 20 for \$36.00 each, 25 for \$36.00 each, 30 for \$36.00 each, 40 for \$36.00 each, 50 for \$36.00 each, and Add Qty as you want.
- Endeavor Daytrip Backpack**: \$33.00, 3 Reviews (4 stars)

Below the grid, there are links for 'Compare Products' (with a note 'You have no items to compare.'), 'My Wish List', and additional product images.

- customer can also choose Qty from QtyDropdown as they want as pr below screenshot.

Customer also add Qty as pr requirement on product list page

- Customer can also add Qty from product view page.
