## **Preface:**

- Using Shipping Tracker extension, Customer can track the Order Shipment.
- Customer just need to insert Order Id and Email Address and he/she will get the current Order Status with Shipping Tracking information.

## Installation:

There are two ways of installing extension in magento2.

- 1) Using COMMAND LINE.
- 2) Manually install extension.

**Option 1:** Magento 2 install extension using COMMAND LINE (Recommended).

Follow below steps to install extension from the command line.

**Step 1:** Download the extension and unzip it.

**Step 2:** Upload it to code directory in your magento installation's app directory.  
If code directory does not exists then create.

**Step 3:** Disable the cache under System → Cache Management.

**Step 4:** Enter the following at the command line:  
php bin/magento setup:upgrade  
php bin/magento setup:static-content:deploy

**Step 5:** Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Shipping tracker, The module will be displayed in the admin panel.

**Option 2:** Magento 2 install extension manually.

**Step 1:** Download the extension and unzip it.

**Step 2:** Upload it to code directory in your magento installation's app directory. If code directory does not exist then create.

**Step 3:** Disable the cache under System → Cache Management Edit app/etc/config.php file and add one line code: 'Mageants\_shipping tracker → 1

**Step 4:** Disable the cache under System → Cache Management

**Step 5:** Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Shipping tracker, the module will be displayed in the admin panel.

## Backend example

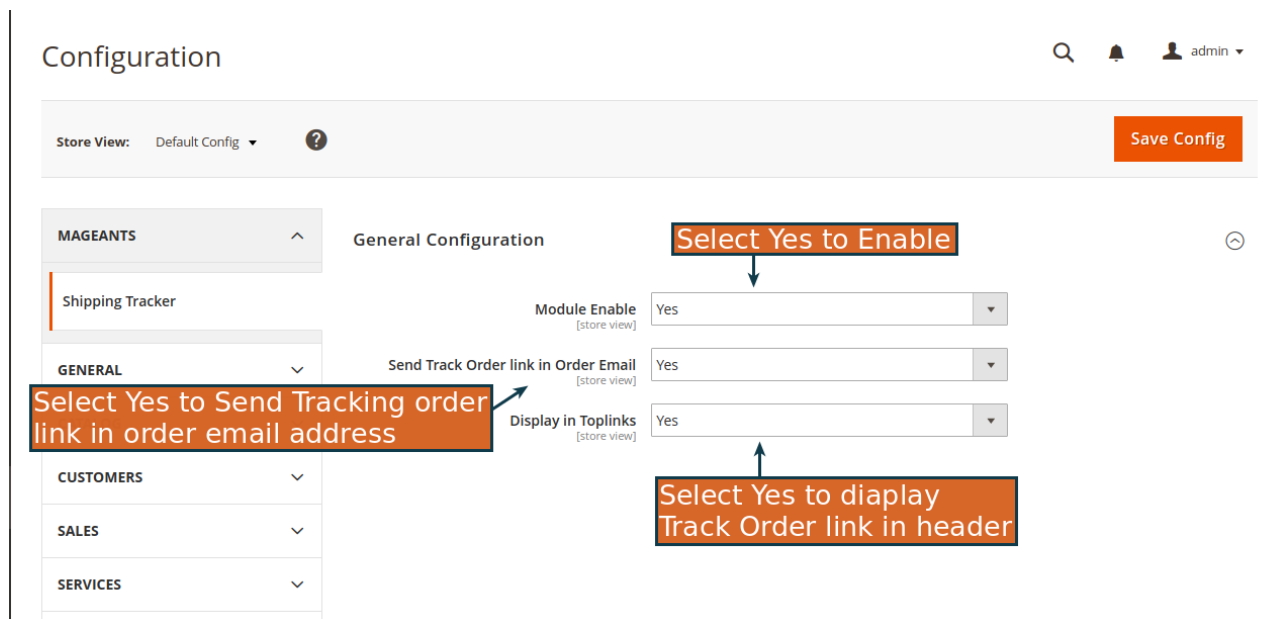

After Installation of Extension login to magento admin panel to set-configuration of the extension.

As per below screen shot you can set all the settings here.

## Extension configuration

After Installation of Extension, Go to **Store→Configuration→Mageants Extension→Shipping Tracker, Where admin can Enable/Disable Extension.**

Also admin has options to display **Track Order** link in Top Links and **Send Track Order Link in Order Email.**

The screenshot shows the Magento Admin Configuration page for the Shipping Tracker extension. The page is titled "Configuration" and includes a search icon, a notification bell, and a user profile dropdown for "admin". Below the header, there is a "Store View" dropdown set to "Default Config" and a "Save Config" button. The main content area is divided into two columns. The left column contains a sidebar with categories: "MAGEANTS" (expanded), "Shipping Tracker", "GENERAL", "CUSTOMERS", "SALES", and "SERVICES". The right column is titled "General Configuration" and contains three settings, each with a dropdown menu set to "Yes":

- Module Enable** (store view): An annotation "Select Yes to Enable" points to this dropdown.
- Send Track Order link in Order Email** (store view): An annotation "Select Yes to Send Tracking order link in order email address" points to this dropdown.
- Display in Toplinks** (store view): An annotation "Select Yes to diaplay Track Order link in header" points to this dropdown.

→ Admin can disable shipping tracking for front-end by selecting shipping methods

→ also for disable shipping method admin can set custom message

### Payment & Shipping Method

#### Payment Information

Check / Money order  
The order was placed using USD.

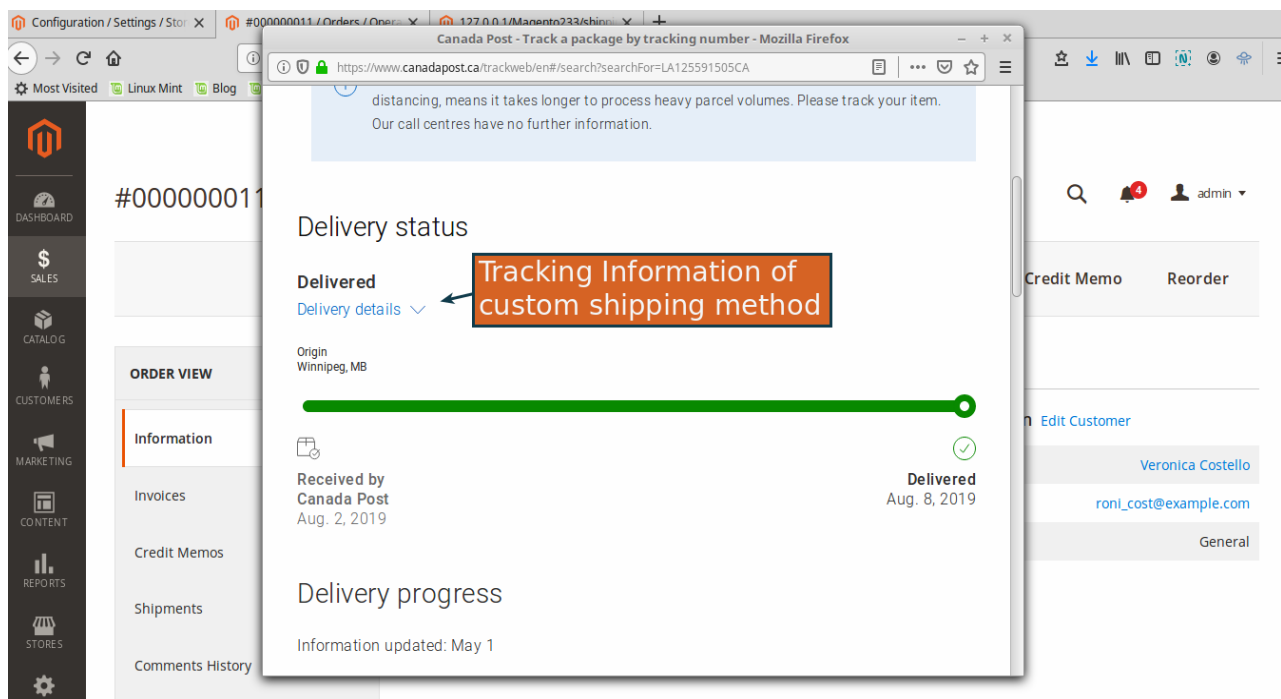

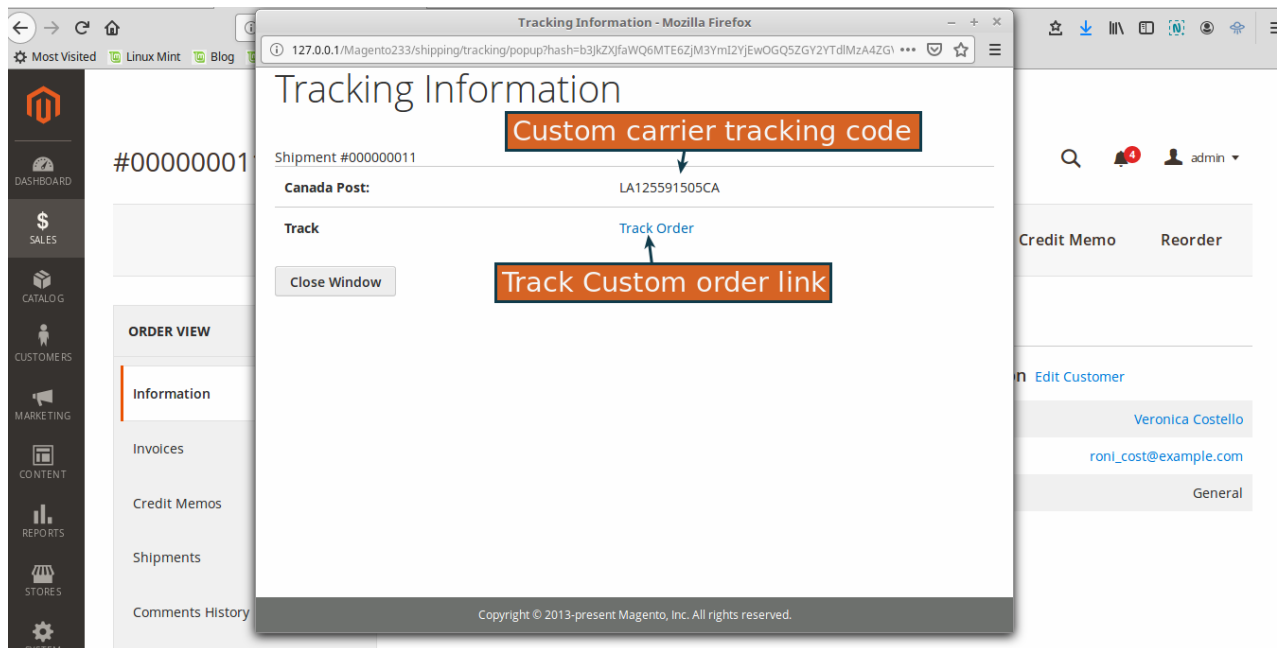

#### Shipping & Handling Information

[Track Order](#)  **Track Order link**  
Flat Rate - Fixed \$5.00

### Items Ordered

Product	Item Status	Original Price	Price	Qty	Subtotal	Tax Amount	Tax Percent	Discount Amount	Row Total
Minerva LumaTech™ V-Tee-XS-Blue SKU: WS08-XS-Blue	Refunded	\$0.00	\$0.00	Ordered 1 Invoiced 1 Shipped 1 Refunded 1	\$0.00	\$0.00	0%	\$0.00	\$0.00

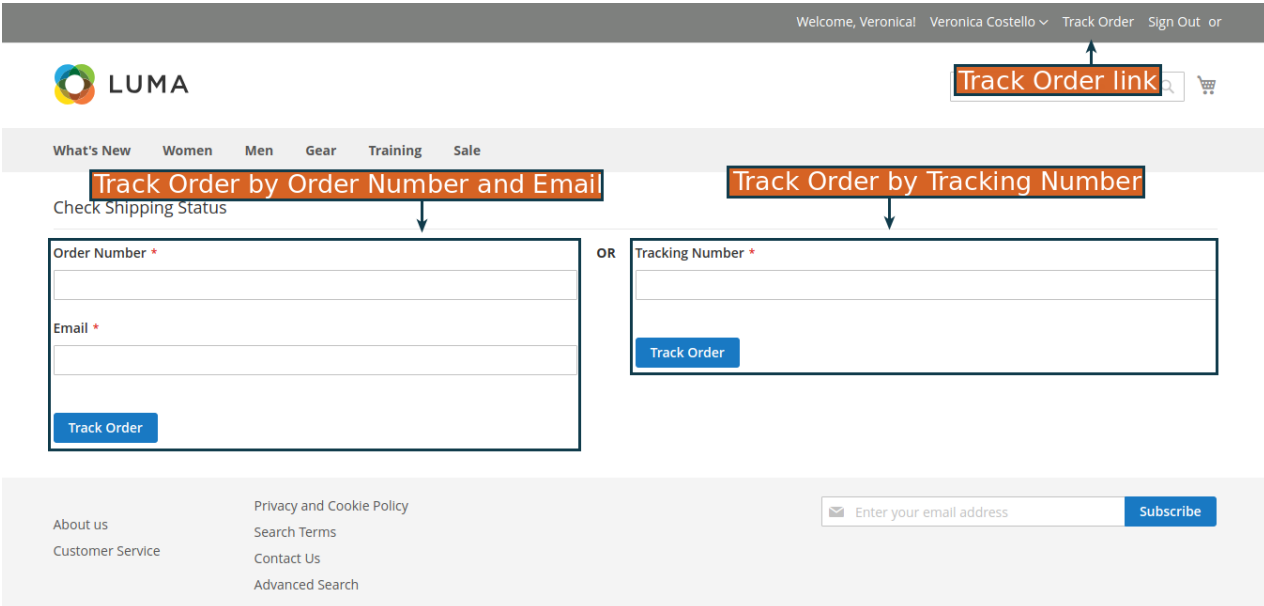

→ It will work for all types of shipping methods if there are available module already installed in site then it will show result in pop-up and for custom shipping it will also show result in pop-up by the help of given custom url.

## Frontend example

The Track Order link will display in Top Link Section, By Clicking on it Customer will redirect to a Form Where he / she can track order by Entering Order Number and Email Associated with that order or a given Tracking Number.

By Entering the Order Number and Email or Tracking Number, Customer will redirect to the Shipment Details page.

The screenshot shows the LUMA website header with a navigation menu including 'What's New', 'Women', 'Men', 'Gear', 'Training', and 'Sale'. A 'Track Order link' is highlighted in the top right. Below the navigation, two tracking options are presented: 'Track Order by Order Number and Email' and 'Track Order by Tracking Number'. The first option includes input fields for 'Order Number \*' and 'Email \*' with a 'Track Order' button. The second option includes a 'Tracking Number \*' input field with a 'Track Order' button. The footer contains links for 'About us', 'Customer Service', 'Privacy and Cookie Policy', 'Search Terms', 'Contact Us', and 'Advanced Search', along with an email subscription form.

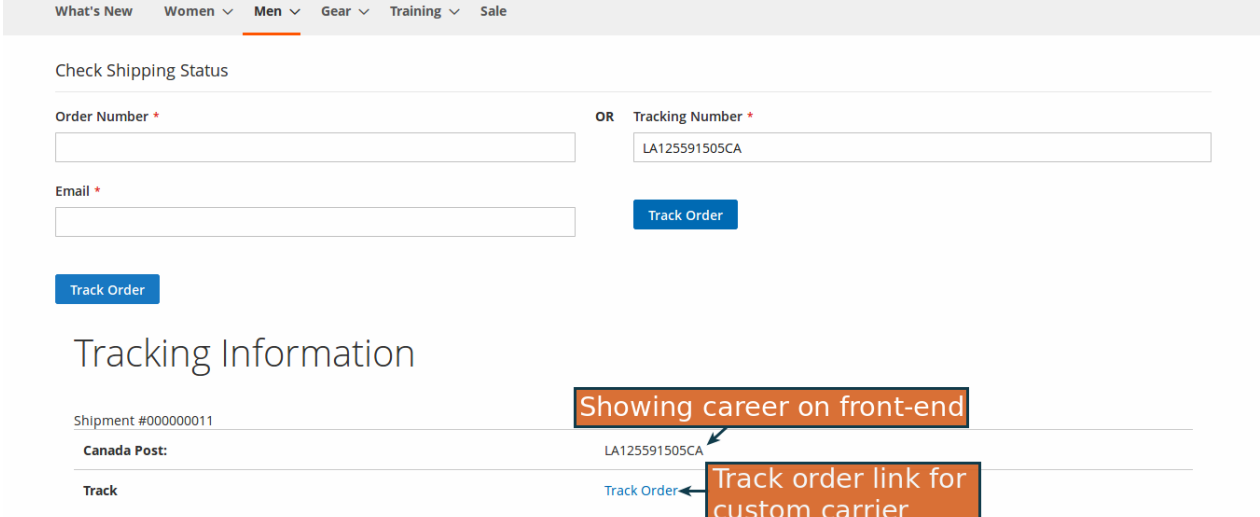

Below Tracking information will be display once Customer fill the form.
