Preface

- Who Also Bought Extension allows to display Who Also Bought product list on cart and product pages. There is an use slider also to use in listing.

Installation:

There are two ways of installing extension in magento2.

- 1) Using COMMAND LINE.
- 2) Manually install extension.

Option 1: Magento 2 install extension using COMMAND LINE (Recommended).

Follow below steps to install extension from the command line.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory. If code directory does not exists then create.

Step 3: Disable the cache under System → Cache Management.

Step 4: Enter the following at the command line:
php bin/magento setup:upgrade
php bin/magento setup:static-content:deploy

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Customer Also Bought. The module will be displayed in the admin panel.

Option 2: Magento 2 install extension manually.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory. If code directory does not exist then create.

Step 3: Disable the cache under System → Cache Management Edit app/etc/config.php file and add one line code: 'Mageants_Customer Also Bought' → 1

Step 4: Disable the cache under System → Cache Management

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Customer Also Bought, the module will be displayed in the admin panel.

Backend example

After Installation of Extension login to magento admin panel to set-configuration of the extension.

Extension Configuration

After Installation the Extension, Go to Store → Configuration → Mageants → Customer Also Bought.

The screenshot shows the Magento Admin Configuration interface. The top navigation bar includes the 'Stores' icon, the title 'Configuration', a notification bell with '30', and the user 'whobought_admin'. Below the navigation bar, the 'Store View' is set to 'Default Config'. A prominent orange box highlights the text 'Admin configuration for slider setting' with a downward-pointing arrow. The main content area is divided into sections: 'MAGEANTS' (expanded to show 'Customer Also Bought'), 'Slider Settings', 'Product Settings', and 'Cart Settings'. The 'Slider Settings' section is highlighted with a blue border and contains the following configuration options:

Setting	Value
Display Navigation [store view]	Yes
Display Dots [store view]	Yes
Number of product items in slider [store view]	4
