Preface

- Who Also Bought Extension allows to display Who Also Bought product list on cart and product pages. There is an use slider also to use in listing.

Installation:

There are two ways of installing extension in magento2.

- 1) Using COMMAND LINE.
- 2) Manually install extension.

Option 1: Magento 2 install extension using COMMAND LINE (Recommended).

Follow below steps to install extension from the command line.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory.
If code directory does not exists then create.

Step 3: Disable the cache under System → Cache Management.

Step 4: Enter the following at the command line:
php bin/magento setup:upgrade
php bin/magento setup:static-content:deploy

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Customer Also Bought. The module will be displayed in the admin panel.

Option 2: Magento 2 install extension manually.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory. If code directory does not exists then create.

Step 3: Disable the cache under System → Cache Management Edit app/etc/config.php file and add one line code: 'Mageants_Customer Also Bought' → 1

Step 4: Disable the cache under System → Cache Management

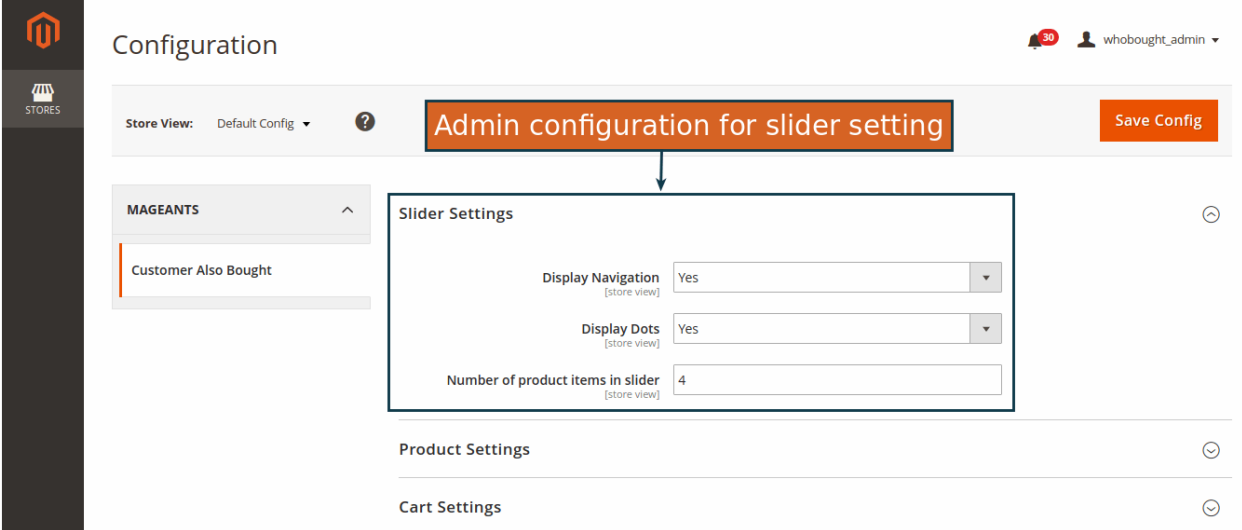

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Customer Also Bought, the module will be displayed in the admin panel.

Backend example

After Installation of Extension login to magento admin panel to set-configuration of the extension.

Extension Configuration

After Installation the Extension, Go to Store → Configuration → Mageants → Customer Also Bought.

The screenshot shows the Magento Admin Configuration page. The top navigation bar includes the 'Configuration' title, a user profile for 'whobought_admin', and a 'Save Config' button. Below the navigation bar, the 'Store View' is set to 'Default Config'. A callout box labeled 'Admin configuration for slider setting' points to the 'Slider Settings' section. The 'Slider Settings' section contains three configuration options: 'Display Navigation' (Yes), 'Display Dots' (Yes), and 'Number of product items in slider' (4). Below this section are 'Product Settings' and 'Cart Settings' sections, each with a collapse icon.
