Preface

- Wholesale Configurable Product is a perfect extension for the wholesale customer who wants to add multiple children products to cart at once.

- Showing all associated products in a grid table view which allows wholesale customers to order and add all chosen items to cart at once.

- Support Advanced Tier Price and Special Price.

- Work with default Color swatch function with clickable options So customers can see images of children products by clicking the options in the table.

- Store owners can configure to choose which customer group to show this wholesale display.

- Show SKU, Availability, Unit Price, Tier Price, Subtotal in the table.

- Reduced time for searching and selecting wanted products.

- This extension helps customers to place order quickly, which is very useful for customers.

- User Friendly and flexible configuration.

- Total selected quantity will be shown in details based on options of the first attribute.

Installation:

There are two ways of installing extension in magento2.

1) Using COMMAND LINE.
2) Manually install extension.

Option 1: Magento 2 install extension using COMMAND LINE (Recommended).

Follow below steps to install extension from the command line.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory. If code directory does not exists then create.

Step 3: Disable the cache under System → Cache Management.

Step 4: Enter the following at the command line:
php bin/magento setup:upgrade
php bin/magento setup:static-content:deploy

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Configurable Product Wholesale. The module will be displayed in the admin panel.

Option 2: Magento 2 install extension manually.

Step 1: Download the extension and unzip it.

Step 2: Upload it to code directory in your magento installation's app directory. If code directory does not exists then create.

Step 3: Disable the cache under System → Cache Management Edit app/etc/config.php file and add one line code: 'Mageants_Configurable Product Wholesale' → 1

Step 4: Disable the cache under System → Cache Management

Step 5: Once you complete above steps log out and log in back to the admin panel and switch to Stores → Configuration → Mageants → Configurable Product Wholesale, the module will be displayed in the admin panel.

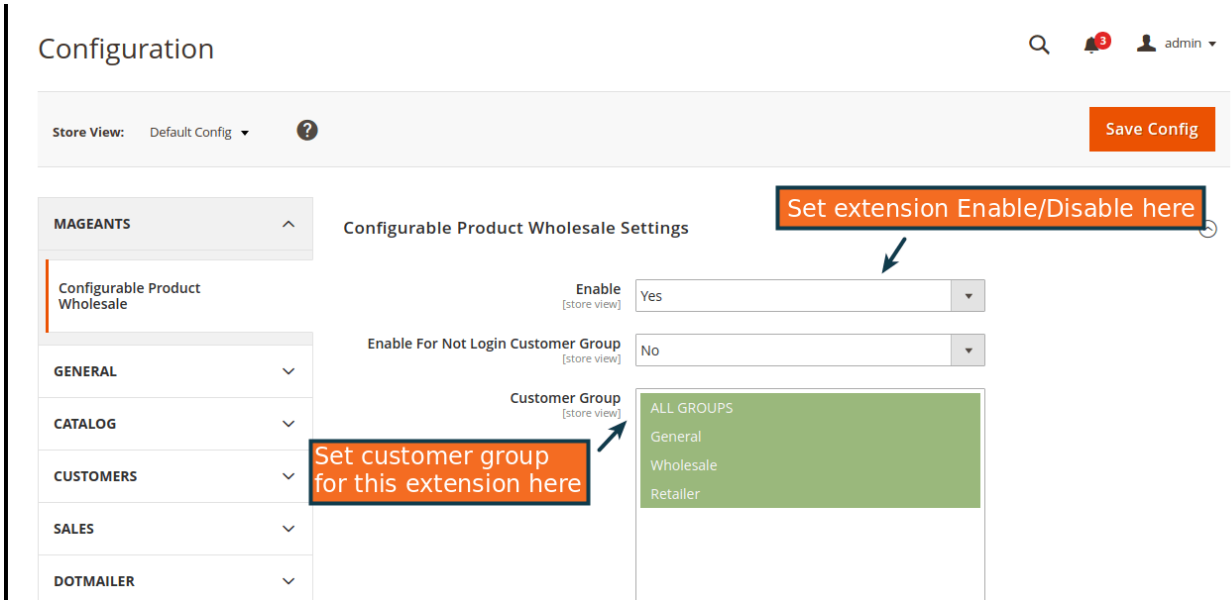
Backend example

- After Installation of Extension login to magento admin panel to set configuration of the extension.

- As per below screen shot you can set all the settings here.

Extension Configuration

As per below screen shot you can set all the Wholesale Configurable Products settings here.



Frontend example

Here, Customers showing all associated products in a grid table view which allows wholesale customers to order and add all chosen items to cart at once.
